

Ammonium sulphate

Specifications

N°	Indicator	norm
1.	Appearance	Amblychromatic crystals
2.	Mass fraction of nitrogen in terms of solid, %, not less	21
3.	Mass fraction of water, %, no more in coordination with the consumer during the winter period, % no more	0,3 0,8
4.	Mass fraction of free sulfuric acid, %, no more	0,05
5.	Mass fraction of insoluble impurity, %, no more	0,04
6.	Friability, %	100
